

TRAINING

MANPOWER SOLUTIONS OPTIMIZE YOUR INVESTMENT.

SAFER, MORE PRODUCTIVE JOB SITES

Training is an investment in the sustainability of your crew. Training teaches safe practices, and delivers additional benefits—including proper machine utilization. Training helps you get the most out of your employees and helps you maximize the value of your machine investment.

TRAINING OPTIONS

- Most training can occur on the job site, at your business, at the Cat dealer, or at Caterpillar facilities
- Training is available for individuals or entire crews, helping each understand their roles and how they fit into the productivity profile of the entire job site
- Most programs are designed to help participants share their newfound knowledge with other crew members
- Contact your Cat dealer for more information about all training programs
